### All-Natural BBQ Sauce: A Heap of Flavor

Big Acres **Rich & Mild BBQ sauce**, **Hot & Spicy BBQ sauce**, and Teriyaki Marinade are free of preservatives and full of savory ingredients, like dark molasses, pure maple syrup, and natural honey, underscored with orange peel, chipotle peppers, ginger, and red wine. A 14.5 oz. bottle retails for \$4 to \$5.

Our take: Our tester laid it on thick, rating the sweet and tangy Rich & Mild BBQ sauce outstanding. Another tester gave high marks to the Teriyaki Marinade, which makes a tangy dipping sauce for chicken and vegetable dumplings.
